

CHAMPAGNE Moments

Pressels are based on classic pretzels: pressed flat, flavoured with herbs, spices and seeds, and baked not fried.

They are a sensation in the US and they're now available in the UK – exclusively in Waitrose. Pressels are available in three delicious savoury flavours;

Original, Sesame and Everything. Eat them on their own, or dunk, spread or top them with your favourite dips, meats or pickles.

They are ideal as a snack to accompany aperitifs and the herbs and spices mix beautifully with the delicate flavours of Champagne.
